

mSupply

The Navigator

The screenshot shows the mSupply Navigator application window. The title bar reads "mSupply Navigator". Below the title bar, there is a status bar with "Mode: Store", "Data File: mSupply.data.4dd", and a user profile icon labeled "Sussol". Below the status bar is a navigation bar with icons for "Customers", "Suppliers", "Items", "Reports", "Special", and "Admin". The main area contains a grid of icons for various functions: "Show items", "New item", "Show repacks", "New repack", "Non-stock items", "Show inventory adjustments", "Inventory adjust add stock", "Inventory adjust reduce stock", "Show builds", and "New build". At the bottom left is an "mSupply help" link. Callout boxes with information icons (i) point to specific elements: "Mode: Store" (Displays the mode that the user is logged in to (store or dispensary)), "Data File: mSupply.data.4dd" (Displays the data file name. (On hovering the mouse over the name, it displays the path to data file).), "Sussol" (Displays the name of the logged-in user.), the navigation bar (Click a button in this section to go to different pages or sections.), the "Inventory adjust reduce stock" icon (Click a button displayed for various functions.), and the "mSupply help" link (Click this icon to open mSupply Help file.).
